1. Anne Arundel Medical Center

2001 Medical Parkway
Annapolis Maryland 21401

Anne Arundel Medical Center is a regional hospital, featuring a Level IIIb NICU, Women's Center, a Women and Children's Center where over 5,500 babies are born annually, a Cancer Center, the second most active Spine Center in Maryland, as well as state of the art critical care, emergency care, and diagnostics.

2. Children's Hospital National Medical Center (CNMC)

111 Michigan Ave NW
Washington, DC 20010

Children's National is a proven leader in the development and application of innovative new treatments for childhood illness and injury. Children's cares for more than 360,000 patients each year who come from throughout the region, nation and world.. In addition, Children's serves as the regional referral center for pediatric emergency, trauma, cancer, cardiac and critical care as well as neonatology, orthopaedic surgery, neurology, and neurosurgery. Children's National is proudly ranked consistently among the best pediatric hospitals in America by US News & World Report.

3. Dominion Hospital (DH)

2960 Sleepy Hollow Rd.
Falls Church, VA 22044

Dominion Hospital offers individuals and families hope and help. Dominion's highly qualified physicians and staff combine their expertise to diagnose and treat you or your loved one, when you need it. For more than 30 years, Dominion Hospital has set the gold standard for the treatment of children, adolescents and adults who suffer from debilitating disorders such as anxiety, panic, depression, delusions, eating disorders, schizophrenia, school refusal, and self-injurious behavior. The First Step to receiving help is calling for a confidential assessment.

4. Georgetown University Hospital (GUH)

3800 Reservoir Rd. NW
Washington, DC 20007

Georgetown University Hospital was founded in 1898 to promote health through education, research and patient care. This mission has been shaped by and reflects Georgetown's Catholic, Jesuit identity and heritage. With a 609-licensed bed hospital and 1,100 physicians, Georgetown University Hospital's clinical services represent one of the largest healthcare delivery networks in the area. Georgetown is the first hospital in the district to be awarded "Magnet Status" by the American Nurses Credentialing Center (ANCC). This coveted international award earned by healthcare organizations providing the best nursing care and practices has only been achieved by fewer than two percent of hospitals nationwide. Some of the specialty areas in which we've been ranked in recent years include neurosciences, gastroenterology, gynecology, orthopaedics and urology. The Lombardi Comprehensive Care Center is the only facility in the Washington, D.C. area designated by the National Cancer Institute (NCI) as a Comprehensive Care Center.

5. George Washington University Hospital (GWUH)

900 23rd St. NW
Washington, DC 20037

When it comes to choosing a hospital, one thing is clear: quality counts. And a century-long tradition of providing medical care in a comfortable and convenient environment means peace of mind for the thousands of patients who are cared for by the doctors and nurses at The George Washington University Hospital each year. Just minutes from Washington, D.C.'s tourist sites and government headquarters, The George Washington University Hospital serves a diverse group of patients — from area residents to visiting dignitaries and heads of state.

6. Inova Healthcare System

8110 Gatehouse Road, 2 West
Falls Church, VA 22042

Inova Health System is Northern Virginia's leading not-for-profit healthcare provider, serving more than 1 million people each year and governed by a volunteer board of community members. Since their beginning in 1956, Inova has grown from one hospital to a comprehensive network of hospitals, outpatient services, assisted and long-term care facilities and healthcare centers located throughout Northern Virginia. As a not-for-profit health system, our commitment is to meet the healthcare needs and improve the health of the communities we serve. They work in innovative ways to meet the healthcare challenges of today, while striving to meet the needs of the future. Recognizing that research and innovation are vital elements to providing world-class patient care, Inova participates in a large number of cutting-edge clinical trials and research projects. Their diverse clinical activities make us a first -class location for scientific research. Their commitment to ensure high-quality care is strengthened by our range of rigorous

professional and community education programs to improve medical practice skills and patient outcomes. Inova's work extends beyond the walls of our hospitals and outpatient centers. They bring disease prevention programs, health and exercise classes and improved access to care for vulnerable children and adults directly to the community through their many outreach programs and partnerships. At Inova, more than 16,000 employees demonstrate their commitment every day to providing the community with expert, world-class, compassionate patient care.

7. Holy Cross Hospital

1500 Forest Glen Road
Silver Spring, MD 20910-1484

Founded in 1963 by the Congregation of the Sisters of the Holy Cross, today Holy Cross Hospital is a 454-bed, not-for-profit, faith-based and mission-driven teaching hospital. Holy Cross Hospital offers a full range of inpatient and outpatient primary and specialty health care services, with specialized expertise in surgery, neuroscience, cancer, women and infants' services, and senior care. More than 1,200 physicians are affiliated with Holy Cross Hospital, making its medical staff one of the largest in the state. More than 3,200 people work at Holy Cross Hospital, including 1,000 nurses, and the hospital is the only one in Maryland to receive the Workplace Excellence Award from the Maryland Work-Life Alliance every year since 1999.

8. National Navy Medical Center (NNMC, Bethesda)

8901 Rockville Pike
Bethesda, MD 20889

The National Naval Medical Center is one of the nation's largest and most renowned military medical centers, best known for its history of providing care to war heroes and presidents alike for the past 65 years. People come here to heal, to stay healthy, to help others, to teach the next generation, to practice quality medicine, and take part in cutting-edge clinical research. NNMC is comprised of nearly 4,500 professionals who make it their daily mission to serve you. Each may have varying jobs, yet all work together to accomplish the vision of our medical center. That vision is to be the Flagship of Force Health Protection and operational readiness; to deliver outstanding customer service; maintain outstanding opportunities in graduate medical and dental education and research; and always deliver world-class health care within an integrated system.

9. Prince George's County Medical Center (PG)

3001 Hospital Drive
Cheverly, MD 20785

Prince George's Hospital Center was founded in 1944 and is an acute care teaching hospital and regional referral center located in Cheverly, Maryland. It is a member of Dimensions Healthcare System, the largest not-for-profit provider of healthcare services in Prince George's County.

10. Psychiatric Institute of Washington (PIW)

4228 Wisconsin Ave NW
Washington, DC 20016

PIW made a commitment to the city of Washington to be a significant part of the mental health delivery system, by focusing on the needs of the District of Columbia. The Child and Adolescent programs changed to meet the needs of inner-city youth. PIW also became a major center for the city's substance abuse population. PIW formed the area's only gay and lesbian treatment center, the Lambda Center. In addition, The Center was developed, a specialized unit for women and men who have been traumatized by abuse. Through the clinical trials research program, free inpatient care was offered to the city's neediest chronic schizophrenic adults. The latest program is New Directions, an intensive outpatient and residential treatment program for substance abusers.

11. Shady Grove Adventist Hospital (SGAH)

9901 Medical Center Drive
Rockville, MD 20850

Shady Grove Adventist Hospital is a 293-bed acute care facility located in Rockville, MD. Opened in 1979, the hospital has since added a new four story patient tower, including private rooms – 48 for new moms and their babies – and a high tech surgery department for inpatients and outpatients. Shady Grove Adventist Hospital is part of Adventist HealthCare, an integrated health care delivery system that includes hospitals, home health agencies, nursing and rehabilitation centers, and other healthcare services. This full spectrum of services covers a wide range of health care needs, providing the best care for you and your family – mind, body, and spirit.

12. Sibley Hospital

5255 Loughboro Road NW
Washington, DC 20016

Sibley is a non-profit, full service 328 bed acute care community hospital serving the Washington, DC area. Our campus is also home to our assisted living residence, Grand Oaks and The Sibley Renaissance which houses our Center for Rehabilitation Medicine, Sibley Senior Services, skilled nursing care and a residential Alzheimer's unit.

13. Suburban Hospital

8600 Old Georgetown road
Bethesda, MD 20814

Suburban Hospital is a community-based hospital serving Montgomery County and the surrounding area since 1943. We are a not-for-profit healthcare provider guided by the needs of our patients and community. Suburban Hospital distinguishes itself through service and clinical excellence, affiliations with NIH and Johns Hopkins Medicine, and state-of-the-art technology and facilities. It is committed to continuous improvement and

appropriate use of resources, and creates an environment that encourages the success and fulfillment of our physicians, staff, and volunteers.

14. Virginia Hospital Center

1701 N. George Mason Drive
Arlington, VA 22205

The Hospital offers comprehensive healthcare and multiple Centers of Excellence including: Cardiology & Cardiovascular Surgery, Oncology, Neuroscience, Urology, and Women & Infant Health. Growing service lines include the only Lung Cancer Center in Northern Virginia, Colorectal Surgery and more. Virginia Hospital Center is a teaching hospital, long-associated with Georgetown University's School of Medicine, and accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and Licensed by the Commonwealth of Virginia Department of Health.

15. Walter Reed Army Medical Center (WRAMC)

6900 Georgia Avenue NW
Washington DC 20307

The Walter Reed Health Care System provides comprehensive health care for more than 150,000 soldiers, other service members, family members and retirees in the National Capital Area. Its hub is Walter Reed Army Medical Center, the clinical center of gravity of American military medicine. Since its inception in 1995, the system has grown in scope and in clinical integration to promote ease of access, a high level of continuity between primary and specialty care, and a special emphasis on measuring and improving the outcomes of care for patients with complex and high-risk disease states, putting patients at the center of key decisions about their care. Since 2000, this outcomes initiative, HEALTHeFORCES, has measurably improved the wellness and daily lives of patients with such conditions as diabetes, high blood pressure, and chronic pulmonary disease.

16. Washington Adventist Hospital (WAH)

7600 Carroll Avenue
Takoma Park, MD 20912

Washington Adventist Hospital is a 294-bed acute-care facility located in Takoma Park, Maryland. Opened in 1907, the hospital is Montgomery County's first cardiac center, performing more than 500 open-heart surgeries and more than 6,000 heart catheterizations each year. Washington Adventist Hospital is part of Adventist HealthCare, an integrated health care delivery system that includes hospitals, home health agencies, nursing and rehabilitation centers, and other healthcare services. This full spectrum of services covers a wide range of health care needs, providing the best care for you and your family – mind, body, and spirit.

17. Washington Home and Hospice

3720 Upton St NW
Washington, DC 20016

The Washington Home was founded in D.C. in 1888 by Mrs. Charles Hill and others who saw the need for humane and dignified care at a time when disease was a problem the year round, but many people who had neither family nor money had a place to go. The Washington Home for the Incurables (now The Washington Home) is Washington's oldest long-term and palliative care institution.

18. Washington Hospital Center (WHC)

110 Irving Street, NW
Washington, D.C. 20010

Washington Hospital Center is the largest private hospital in the nation's capital. In 2008, it celebrates its 50th year of indispensable service to the nation's capital and metropolitan region. Founded in March 1958, when three specialty hospitals merged into one, the Hospital Center occupies a 47-acre campus that it shares with three other medical facilities in Northwest Washington, DC. A proud member of MedStar Health, the not-for-profit Hospital Center has 926 licensed beds offering primary, secondary and tertiary health care services to adult and neonatal patients. In fiscal year 2007, 46,209 inpatients --including 4,556 births-- and 389,803 outpatients were treated. In addition, more than 50 other hospitals referred nearly 6,300 of their most complicated medical cases to Washington Hospital Center.
